CERTIFIED ORGANIC SELF TAN & SKINCARE

Zuii Organic has embraced the essence of nature with its unique and innovative next generation of Certified Organic and Vegan Self-Tanning and Skincare products. We have incorporated functional actives, minerals and plant extracts into each of our products to improve, nourish and hydrate the skin.

Certified Organic Bamboo Juice is one of our key Zuii signature ingredients chosen primarily for its sustainability and environmental promise. Bamboo is the fastest growing and strongest botanical resource on the planet. Combining this ingredient with nutrient and vitamin enriched plant based ingredients such as Lichen, Moss and Fern has lead us to create an invigorating, moisture rich Organic and Vegan product range.

Our mission when developing this range was to ensure all of the ingredients were the most natural, sustainable and Organic available. To be able to bring the love of life, nature and organics into our products without jeopardizing the environmental impact was a dream come true for the Zuii family.

- Moisturising
- Hydrating
- Lightly Scented
- Mineral Enriched
- Anti Ageing
- Rejuvenating
- Vegan
- Firming/Lifting
- Reduces Fine Lines
- Collagen Boosting
- Non Comedogenic
- Ultimate Natural Tan

Certified Organic Flora Self Tanning Foam

Zuii Organic Flora Self Tanning Foam ensures an instant sunless tan. Experience an ultimate deep bronzed tan, while nourishing ingredients add glow to your skin. With 4 shades this unique combination of Organic Bamboo Juice, Raw Cacao and Grape Skin Extract allows your skin to feel continually hydrated and moisturized. This lightweight formulation is easy to apply and glides effortlessly onto the body delivering a natural golden tan for up to 7-10 days.

Directions:

Before applying Zuii Self Tanning Foam, for an even streak free tan use the **Zuii Exfoliating Mitt** to ensure your skin is clean and free from any moisturizers. Pump Zuii Self Tanning Foam onto **Zuii Applicator Mitt** to avoid staining hands, then with long sweeping motions smooth over legs, arms and body. Use the remaining product on the mitt for the face, elbows and knees. Skin may be washed after 4 hours. For longer lasting darker tan leave up to 6 hours before washing. Wash hands directly after use.

Features:

- Natural Looking Tan
- Hydrating
- Moisturizing
- Mineral Enriched
- Unscented

Certified Organic Flora Gradual Face Tan Lotion

Transform your face with **Zuii Organic Flora Gradual Tan Face Lotion**. This innovative formulation not only offers a beautiful natural gradual glow to your face, it also hydrates and helps boost collagen. We have used a unique combination of ingredients such as Lichen, Moss and Fern Extract to help boost the hydration and elasticity of the skin. Bulbine Frutescens Leaf Juice is our key power plant extract used to help boost the collagen levels and lift the skin.

Directions:

Zuii Organic Flora Gradual Tan Face Lotion can be used in place of a daily moisturizer making it perfect to keep your skin hydrated. Pump small amount of Gradual Tan Face Lotion onto glove or **Zuii Applicator Mitt**, smooth and massage over the face and neck in circular motion. Wash hands directly after use. Product is colourless but contains active Tan ingredients which may stain your hands.

Features:

- Anti-Ageing
- Rejuvenating
- Firming/Lifting
- Powder Finish – Not Oily
- Reduces Fine Lines and Wrinkles
- Collage Booster

Certified Organic Flora Gradual Body Tan Lotion

Zuii Organic Flora Gradual Tan Body Lotion allows you to gradually increase the colour and radiant glow to your skin. A unique combination of Organic Bamboo Juice, Raw Cacao, Shea Butter and Sunflower Oil leaves your skin feeling naturally soft and hydrated. Lightly scented with fresh Citrus, Vanilla and Bergamot.

Directions:

Zuii Organic Flora Gradual Tan Body Lotion can be used in place of a daily regular moisturizer making it perfect to keep your skin hydrated. Prepare the skin by using the **Zuii Exfoliating Mitt** and **Zuii Hydrating Body Polish**. Pump small amount of Gradual Tan Body Lotion onto **Zuii Applicator Mitt** or glove, smooth and massage over the skin. Use sparingly on the knees, elbows and ankles. Product is colourless but contains active Tan ingredients which may stain your hands. Wash hands directly after use.

Features:

- Moisturizing
- Hydrating
- Natural Tan Colour
- Lightly Scented
- Mineral Enriched

Certified Organic Flora Gradual Face Tan Water

Zuii Organic Flora Gradual Face Tan Water is a light weight gel formulation that delivers a natural looking tan and glow without clogging your pores. Using our unique combination of Lichen, Moss and Fern Extracts to help boost the hydration and elasticity of the skin and by combining Cucumber and Witch Hazel Extracts we have been able to ensure this product feels as light as its name “water”. Our power plant extract Bulbine Frutesces Leaf juice is also included to help boost the collagen levels and lift your skin.

Directions:

Zuii Organic Flora Gradual Face Tan Water can be used daily. Pump a small amount of Face Tan Water onto fingertips or cotton bud, massage into the face and neck with circular motion. Rinse hands directly after application. Product is colourless but contains active Tan ingredients which may stain your hands.

Features:

- Non Greasy Finish
- Hydrating
- Lightly Scented
- Rejuvenating
- Moisturizing
- Mineral Enriched
- Non Comedogenic
- Collagen Boosting

Certified Organic Flora Dry Oil Tan Extender

Extend and hydrate your natural tan by using our **Zuii Organic Flora Dry Oil Tan Extender**. Combining a blend of Almond, Sunflower and Camellia Seed Oil, you will feel your smooth hydrated skin become soft to touch. Bamboo Extract will ensure the vitamins and minerals are delivered to your skin.

Directions:

Zuii Organic Flora Dry Oil Tan Extender can be used on a daily basis to enhance the longevity and colour of your tan. Lightly mist Dry Oil Tan Extender onto the skin with your hands, smooth and massage in circular motion. Product is colourless but contains active Tan ingredients which may stain your hands. Wash hands directly after use.

Feature:

- Non Greasy
- Moisturizing
- Hydrating
- Mineral Enriched

Certified Organic Flora **Luminising Crème**

Enhance your natural tan by applying **Zuii Organic Flora Luminising Crème**. Combining Bamboo Juice, Green Tea and Chamomile Extract this smooth formulation will not feel oily on the skin and will leave you with a subtle luminescent glow.

Directions:

Zuii Organic Flora Luminising Crème can be used on a daily basis. Pump a small amount on your fingertips and gently massage on the body.

Features:

- Mineral enriched
- Hydrating
- Velvet finish
- Moisturizing
- Non greasy
- Lightly scented

Directions:

Use once or twice a week. Apply a small amount of Zuii Organic Flora Body Polish to the [Zuii Exfoliating Mitt](#) or [Cotton Polish Mitt](#), massage dry or wet skin using circular motion. Rinse thoroughly and pat dry.

Features:

- Mineral Enriched
- Moisturizing
- Hydrating
- Refreshing
- Lightly Scented

Zuii Tan Applicator Mitt

Zuii recommends the **Tan Applicator Mitt** with the use of our Tanning Products. This must have item helps guarantee perfect, streak free results and stain free hands every time.

For best results, apply **Tanning Foam** as directed and blend using the **Tan Applicator Mitt**. After each use gently hand wash with mild detergent. Leave to dry away from direct heat.

Zuii Tan Exfoliating Mitt

Zuii recommends use of the **Tan Exfoliating Mitt** prior to application of Zuii Tanning Products to ensure a perfect long lasting even natural looking tan.

Apply a small amount of **Zuii Body Polish** onto the **Exfoliating Mitt** while in the shower and exfoliate before applying the **Zuii Self-Tanning Products**. Rub over the body in circular massage movement. Rinse after use and hang to dry.

Zuii Organic Cotton Polishing Mitt

Zuii recommends use of the **Organic Polish Mitt** prior to application of Zuii Tanning Products to ensure a perfect long lasting even natural tan. This unique product contains fine copper threads which stimulate and promote the production of collagen. Skin's texture and circulation is greatly improved resulting in a beautiful radiant healthy glow. Assists in the reduction of cellulite.

Apply a small amount of **Zuii Body Wash** onto the Polishing Mitt in the shower to exfoliate before applying the **Zuii Self-Tanning Products**. Rub over the body in circular massage movement. Rinse after use and hang to dry.

WHY ORGANIC?

Consumers are now more than ever before aware and informed of the chemicals and toxic effects of ingredients in cosmetics and are looking for alternatives. **Zuii Organic** is more than 'natural' our complete product range is Certified Organic and accredited by NASSA, Australian Certifier and BDIH, COSMOS International Certifying Bodies who undertake stringent yearly audits to confirm all regulations of Organic Standards are met and maintained. We as a Company are inspired by our vision and love of nature and organics, unlike many mineral or uncertified products. At **Zuii Organic** all cosmetic products are Certified Organic meeting the global certification standards for all ingredients and the final percentage of organic ingredients in the finished products in the Zuii product range meets the total percentages required for certification. Being Certified Organic is your guarantee that only ingredients meeting the organic standards are used and prohibits the use of many of the ingredients found in mineral or uncertified cosmetic products.

Zuii Organic's extensive product testing, research and development allows you to experience unique organic professional makeup products without the use of harsh chemicals. All of the ingredients used are beneficial and contain properties to nourish, moisturize and protect your skin. Our pigments and colour coverage is intense as no fillers such as talc is used. You will be delighted with the performance, smooth, soft texture, staying power and extensive colour variety.

Our Commitment

Our commitment to you is you will **NOT** find any of the ingredients below in any of our products.

- Petrochemicals or any other synthetic substances
- Products of animal origins or tested on animals
- Sodium Laureth Sulphate
- Genetically Modified Ingredients
- Ingredients of Nano particles
- Parabens
- Talc

ZUII CERTIFIED ORGANIC INGREDIENTS

Rosa Damascena (Rose) Buds

High in Vitamin C, renowned for its properties of treating scar tissue, acne, psoriasis, eczema, blemishes and hyper pigmentation, this ingredient tones, soothes, acts as natural moisture barrier protecting the skin against premature aging.

Jasminum Officinale (Jasmine) Bud

Increases skin's elasticity and helps balance moisture in the skin to naturally reduce dryness.

Chamomilla Recutita (Matricaria) Flower (Chamomile)

Chamomile is one of the oldest known medicinal plants. Calming, healing and anti inflammatory, beneficial for sensitive skins.

Aloe Barbadensis (Aloe Vera)

Wild plant of the Lilly family used for centuries as a healing agent and beauty aid. Aloe Vera gel contains Vitamins B1, B2 and B6, calcium and potassium and is known for its hydrating and soothing properties.

Pelargonium Graveolens (Geranium) Flower Oil

Scent is closest to Roses. It cleanses, tones the skin and normalizes the secretion of sebum thus helping to control acne and reduce inflammation. It is also useful for dry eczema.

ZUII CERTIFIED ORGANIC INGREDIENTS

Simmondsia Chinensis (Jojoba) Seed Oil

Extracted from the seeds of this desert shrub, its oil is actually an emollient with excellent spreading, lubricating and penetrating properties.

Ricinus Communis (Castor) Seed Oil

Vegetable based oil contains unique and beneficial blend of triglycerides and fatty acids.

Helianthus Annuus (Sunflower) Oil

Rich in Vitamins A & E also fatty acids contains beta carotene which is one of the richest antioxidants to protect collagen and elastin. Moisturizes and protects skin from moisture loss, keeping skin soft and smooth.

Rose Damascena Flower Oil

Rich in natural Vitamin C, moisturizing and hydrating, firms and tones. Rich in trans retinoic acid and essential fatty acids. Clinically proven to reduce fine lines and improve skin condition.

Cymbopogon Martini (Palmarosa) Oil

Beneficial for problem skin such as acne since it has a most beneficial effect on balancing the production of skin sebum (oil), while at the same time stimulating regeneration of the skin cells.

ZUII CERTIFIED ORGANIC INGREDIENTS

Aurantium Bergamia (Bergamot) Fruit Oil

Natural antibacterial properties remove toxins and impurities from skin and balance oily skin. Improves skin tone, reduces the appearance of marks and discolorations.

Macadamia Intergrifolia Seed Oil

Skin conditioning contains predominantly unsaturated fatty acids including palmitoleic acid.

Citrus Medica Aimonium (Lemon) Peel Oil

Restores the luster of dull skin, also has astringent and detoxifying properties. Rejuvenates tired looking skin.

Prunus Amygdalus Dulcis (Sweet Almond) Oil

Restores natural glow by balancing and conditioning the skin, restores moisture loss while nourishing skin, high in oleic and linoleic essential fatty acids.

Urtica Dioica (Nettle) Leaf Extract

Rich in nutrients Nettles act as a skin soother with tonic, astringent and revitalizing properties.

Citrus Paradisi (Grapefruit) Peel Oil

Powerful moisturizing effect while assisting to tighten skin.

ZUII CERTIFIED ORGANIC INGREDIENTS

Citrus Aurantium Dulcis (Orange) Peel Oil

Detoxifies the body and boosts the lymphatic system. At the same time, takes care of the collagen formation in the skin. Known to possess antispasmodic, anti-inflammatory, sedative and antiseptic therapeutic properties.

Calendula Officinalis (Calendula) Oil

Extracted from the Calendula blossom. Calms and soothes stressed skin, reduces irritation and inflammation of the skin.

Crocus Sativus (Saffron) Flower Extract

Natural skin toner assists in the elimination of blackheads and to unclog pores.

Phyllostachis Bambusoides (Bamboo Stem)

Richest source of natural silica. Helps to diminish the appearance of uneven skin tone. Rich in mineral salts.

Camelia Sinensis (Camelia) Leaf Extract – Green Tea

This extract is 200 times stronger in antioxidant effect than Vitamin E. Helps to assist in the preservation of younger looking skin. Natural antioxidant that helps fight fine lines and wrinkles. Soothes and calms sensitive skin.

ZUII CERTIFIED ORGANIC INGREDIENTS

Cetaria Islandica Thallus Extract

Common name Iceland Moss has softening and soothing properties, relieves dryness and irritation of skin. Forms a soothing and moisturizing film. Lichens, Moss and Ferns are pioneers in extreme environments.

Polypodium Vulgare Rhizome Extract

Known as common polypody, winter green Fern provides soothing and moisturizing film on skin.

Sphagnum Magellanicum Extract

Commonly known as Peat Moss, is one of the most important plant genera in the world with unique ability to absorb and retain water and moisture.

Cucumis Sativus (Cucumber) Fruit Extract

High content of minerals, potassium and sulfur known to soften and hydrate skin.

Thebroma Cacao (Cacao) Seed Butter

Plant oil derived from cocoa beans. Potent moisturizer and softener for skin. Creates protective barrier on skin, shields skin from the environment and loss of moisture.

Juglans Nigra (Black Walnut) Leaf Extract

Promotes healthy skin, antifungal and antimicrobial activity, reduces inflammation, stimulates circulation.

ZUII CERTIFIED ORGANIC INGREDIENTS

Butyrospermum Parkii (Shae) Butter

Skin conditioning ingredient preserves the innate moisture of the skin.

Bulbine Frutescens Leaf Juice

South African medicinal plant with unique healing, soothing and moisturizing qualities. Protects dry and sensitive skin and helps increase skin hydration and elasticity.

Thebroma Cacao (Cacao)

High in antioxidants enriched with minerals and vitamins. Vitamin C, magnesium and omega 6 fatty acids, promotes and increases cellular healing to develop a youthful glow.

Dihydroxyacetone

DHA is a simple carbohydrate derived from plant sources such as sugar beets and sugar cane by the fermentation of glycerin which interacts with the amino acids in skin cells to produce a brown color change.

Erythulose

A carbohydrate extracted by red berries, used in conjunction with DHA in self tanning products as its ability to naturally colour skin.
