WHAT IT DOES:

Beneath your makeup, sunscreen and daily grime is your skin. But in order to get to it, many foam and cream based cleansers use harsh chemicals and alcohol that strip your face of its natural oils – leaving it feeling tight and dry.

What's even worse, your skin goes into panic mode and begins producing more oil to counteract this sudden dehydration. But don't worry; our cleanser isn't one of those. Phew!!

Our deeply calming oil cleanser that uses 14 remedial oils to target impurities held deep within your skin. It effortlessly removes makeup and dirt without disturbing your skin's natural sebum balance – choosing to communicate with your skin not work against it.

This product is perfect for those affected by acne, dry skin and excessive oil production (yes, this oil works with issues that cause oily skin).

THE GOOD STUFF:

Ricinus communis (Castor Oil*), Simmondsia Chinensis (Jojoba oil*), Camellia Oleifera Seed Oil (Camellia Tea oil*), Prunus Dulcis (Almond oil*), Helianthus Annuus (Sunflower oil*), Sesamum Indicum (Sesame oil*), Macadamia Integrifolia (Macadamia oil*), Cedrus Atlantica (Cedarwood atlas essential oil*), Cymbopogon Martinii (Palmarosa essential oil), Citrus Reticulata (Mandarin essential oil*), Pogostemon Cablin (Patchouli essential oil), Pelargonium Graveolens (Geranium Bourbon essential oil), (Mixed Tocopherols from Non-GMO soy sources), Lavandula Angustifolia (Lavender essential oil). *Certified organic ingredients.

Skincare your body can trust™

CLEANSE MY FACE™

WORKS WELL WITH

Mix with complexion polish to provide an even gentler approach to buffing away lack lustre skin.

HOW TO USE ME:

Step One: Massage 1-2 pumps of Cleanse My Face all over your face to dissolve impurities held deep within your pores.

Step Two: Soak a face cloth or our Muslin Cloth in some warm water, wring out the excess, and then gently wipe away impurities.

For added hydration and nourishment add a few drops of our Love Your Face Serum.

REMEDIAL BENEFITS:

Organic Jojoba oil - closely resembles the natural sebum of your skin to communicate with and balance the skin's natural oil levels.

Organic Camellia Tea oil - is rich in nutrients and antioxidants. It is light and deeply penetrating.

Organic Sesame Seed oil - is antibacterial, antifungal and anti-inflammatory. It helps pull toxins from your pores.

Organic Cedarwood oil - oxygenates cells, promotes blood circulation and the release of toxins.

Organic Palmarosa oil - hydrates and balances the natural secretion of sebum and stimulates cell regeneration.

Organic Patchouli oil - calms inflamed skin and promotes cell renewal. Perfect for mature skin that is prone to acne.

Geranium oil - soothes and calms sensitive skin and combats the effects of hormone changes.

Frequently Asked Questions:

How does putting oil on my skin clean it?

Only oil can safely dissolve any dirt on the surface of your skin from make up or pollutants in the air without disturbing your skin's natural oil balance. "Oil dissolves oil" it's a scientific fact. When your skin's oil balance is compromised from alcohol, additives or harsh chemicals, it is likely to be extremely dry or oily.

Skin will feel clean, calm and hydrated immediately.

I have blemish prone skin can this product help?

When skin's barrier is healthier it is more protected resulting in fewer breakouts and better tone. It will help balance the sebum levels and as a result skin will calm down and be less prone to break outs.

I have hormonal skin changes or simply tight and sensitive skin?

After using a week of using this super hydrating oil cleanser you'll wonder how you used anything else. The immediate surge of moisture and hydration to your skin is instantly soothing.

What's its shelf life (unopened and opened)?

The product has a 2 year useby date on the bottle but it's best used within 12 months of opening.
