WHAT IT DOES:

Ever needed an instant boost of freshness? Something that awakens you and stimulates your senses? Well, we've bottled it.

Our botanical hydration and toning mist brings together essential oils and pure floral waters to leave your skin feeling vibrant and energised. Perfect as a midday hydration boost, sunburn soother, late afternoon skin refresher or makeup spritzer for that dewy look.

THE GOOD STUFF:

Matricaria Recutita (Camomile floral water*), Lavendula Angustifolia (Lavender floral water), Hamamelis Virginiana (Witch hazel), Citrus Paradisi (Pink grapefruit essential oil), Citrus Reticulata (Mandarin essential oil*).

*Certified Organic

Skincare your body can trust™

HYDRATE MY FACE™

WORKS
WELL WITH

Use with Love Your Face Serum to help
the oils absorb.

HOW TO USE ME:

Spritz your face freely 2-4 times during the day, during airline travel, when your skin looks tired or on hot days for a face saving pick me up. Spritz on sunburn for extra soothing.

Ideal for all skin types – apply as often as needed.

REMEDIAL BENEFITS:

Witch Hazel – it's an odd name but it has been used for centuries for its ability to help heal a range of skin ailments. Because of its protective polyphenols and tannin antioxidants it's effective at reducing the damage from UV light, including aging and skin diseases.

Grapefruit essential oil – This uplifting and clarifying scent is fantastic at combating stress. It's a natural antibacterial, which is always great to keep your skin fresh and clean. Plus it's packed with antioxidants and when absorbed by the skin, promotes immune system health.

Mandarin essential oil – wonderful at relieving stress and the maintaining skin's moisture. It also improves the circulation of blood and lymph, particularly below the skin, which keeps it rejuvenated and looking young and vibrant.

Frequently Asked Questions:

Can the mist be used when wearing make up?

Professional make up artists use our mist to prime the skin with a burst of botanical hydration before make up and to set it after make up is applied.

Can I use the mist with problem skin like acne?

The mist contains remedial oils that are healing and soothing to inflamed skin. Spritz over a small area, if concerned about sensitivity wait an hour or so and if you don't experience any irritation, spritz away.

Why is it beneficial for air travel and air-conditioned environments?

Both environments are drying to the skin due to warm circulating air. A few spritz of Hydrate My Face every hour or so will allow your face to remain hydrated and keep the skin plump and feeling refreshed and vibrant.

What's its shelf life (unopened and opened)?

The product has a 2 year from manufacture use by date on the bottle but is best used within 12 months of opening.
